Family Support and Partnership

Do you need a hand up? Are you looking for assistance? The Cape Cod Family Resource Center is here to help you navigate the often-confusing landscape of programs and access assistance that is available in your community.

Our **Family Support Worker** is here to help you access needed assistance and provide information and referrals to programs and services in our resource center, as well as connect you with resources in the community.

Jennifer Sullivan: 508-815-5175 or jsullivan@familycontinuity.org

Our **Family Partner** will work with you and your family, along with our clinician, to develop a family support plan that best meets your needs while nurturing, empowering, and supporting you in achieving your goals.

Amy Brigham 508-815-5143 or abrigham@familycontinuity.org

Clinical

Our staff includes a licensed master's level, **Clinician** to assist families in identifying their individual needs as well as developing a family support plan to assist them in completing their goals.

Maryke Kelley, LICSW: 508-815-5111 or mmkelley@familycontinuity.org

School Liaison

Navigating your way through the education and special education systems and understanding the process can be daunting and confusing for many people. We have a **School Liaison** on staff who is here to help. Whether it is finding the right school, understanding an Individual Education Plan (IEP) or a 504 Plan, or learning how to advocate for your family's needs, we will support you with resources and education. An important focus for the School Liaison is families with children involved with the Children Requiring Assistance Program (CRA, formerly CHINS).

Parent Education

At the Cape Cod Family Resource Center, we offer a variety of parenting support groups as well as evidence-based parenting classes, such as Active Parenting of Teens, Parenting Journey, Family Nurturing, etc. These classes can help parents learn how to better understand their children's needs and make the difficult job of parenting a little easier for everyone. Additionally, we provide opportunities for parents to develop supportive networks amongst themselves and within their own communities. All of these groups and classes are always free and often include dinner and childcare.
